Wardag university online library user stories and acceptance creterai.

1. Book Uploading

- **As a registered user, I want to upload books to the library, so that I can share my collection with others.**

Acceptance Criteria:

- Allowed users can upload books in various supported formats (PDF, EPUB, MOBI).
- The system validates uploaded books for file type, size, and content restrictions.
- Users can provide metadata for uploaded books (title, author, genre, description).
- Uploaded books are added to the library catalog and visible to other users.

2. Book Downloading

- **As a registered user, I want to download books from the library, so that I can read them offline.**

Acceptance Criteria:

- Users can search and browse the library catalog to find books they want to download.
- Users can download books in their original format or other supported formats.
- Downloaded books are saved to the user's device for offline access.

3. Book Searching

- **As a user, I want to search for books by title, author, genre, or keywords, so that I can find the books I'm interested in.**

Acceptance Criteria:

- The search function supports various search criteria.
- Search results are displayed in a clear and organized manner.
- Users can filter and sort search results by relevance, publication date, popularity, etc.

4. User Login

- **As a user, I want to create an account and log in to the library, so that I can access my personal library and other features.**

Acceptance Criteria:

- Users can create accounts with a username, email, and password.
- Users can log in to their accounts using their credentials.
- The system remembers logged-in users across sessions.

5. Question Answering System

- **As a user, I want to ask questions about the library and its services, so that I can get help when needed.**

Acceptance Criteria:

- The library has a clear and accessible way for users to submit questions.

- Questions are answered promptly and accurately by library staff or an automated system.
- Answers are provided in a user-friendly format.

6. About Us and Contact Info

- **As a user, I want to view information about the library and its services, so that I can learn more about it.**
- **As a user, I want to contact the library with questions or feedback, so that I can get in touch with the staff.**

Acceptance Criteria:

- The library website has dedicated pages for "About Us" and "Contact Us" information.
- The "About Us" page provides clear and informative details about the library's mission, history, collections, and services.
- The "Contact Us" page provides accurate contact information, including email, phone number, and physical address.

Some more feature which may be added to the system.

- **As a user, I want to create bookshelves to organize my downloaded books.**
- **As a user, I want to rate and review books.**
- **As a user, I want to receive recommendations for books based on my reading history.**
- **As an administrator, I want to manage user accounts and library content.**
